New classes will be formed for the second term, and those who care to get information concerning them can do so by calling on Miss Eriksen at the association rooms.

The Christmas number of the "Black and Gold," the magazine published monthly by the students of the McKinley high school, has just been issued, and is by far the neatest of recent local publications. Besides the notes concerning the happenings at the high school, there is an abundance of good short stories and poems, and the advertising section is a credit to the manager of that department.

Mr. Board of Supervisors: The State Capitol at Albany, New York, burned last summer. The financial loss was six million dollars. The loss of documents and records is priceless. Here are the exact words of a man who was in the building when the fire started: "THE FIRE AT THIS TIME COULD HAVE BEEN EASILY PUT OUT WITH A PAIL OR TWO OF WATER. WE SEARCHED IN VAIN FOR ANYTHING TO SERVE THE PURPOSE. THE NIGHT WATCHMAN RAN DOWN STAIRS TO SOUND THE ALARM. THERE BEING NO ALARMS IN THE BUILDING. WHILE WE WAITED FOR THE DEPARTMENT—This building at Albany cost twenty-seven million dollars, and was not equipped with fire alarms, or even pails of water, and we have the testimony of an eye witness that this fire was a small blaze when it started.

Yesterday the New York stock market was exceedingly dull and even the operations of the bears causing any selling movement. The influence of the public produced a severe depression, and although call money went down to 15, it did not help the stock market.

During its engagement at the Edison theater the World's Fair Stock Company will obtain moving picture views of Hawaiian scenery. These will be used as scenarios for dramas acted for picture show films. For this purpose there are two camera men with the company. They brought letters to Promotion Secretary Wood from Louis Levy, chief of publicity for the San Francisco exposition. Mr. Wood believes the islands will get some effective advertising from the appearance of its scenery in motion picture plays.

Local stockholders of Lakeview No. 2 Oil Co. have received notice of an assessment of two cents a share to raise money for completing two wells, both of which have struck the oil sands. In a property taken over from another company lately oil is oozing through a "bidge" at the rate of about 50 gallons a day, samples of which have proved on analysis to be 24.2 gravity, which is high grade oil worth 55 cents a barrel at the well. Experts including public officials predict early production of this well, and with the proceeds therefrom the company will further develop one of its original wells in which enormous gas pressure has been overcome after a year's hard work at great expense. It is stated in the letter of the company, accompanying the assessment notice, that they expect, in a short time, comparatively to be able to pay dividends and at the same time carry on the development work contracted for with the company whose holding they have just taken over.

NEW SHOP HAS MAINLAND FEATURES

The "Fleur De Lis," a shaving and manicuring establishment that compares favorably with any on the Pacific Coast, opened its doors in the Excelsior building, corner Fort street and Chaplain lane, Tuesday morning and commenced business with a rush. The barber shop, which is the prettiest in the city, is finished entirely in white, from the barbers who appear in matty white suits and shoes, to the hat-rack. The four white enameled chairs are of the latest make and as comfortable as a lounge.

A glance over the establishment reveals a number of things new to Honolulu. The cup rack is replaced by a number of individual drawers large enough to hold a mug, comb, brush, powder and tonic. These drawers are kept closed, thereby preventing dust from getting in.

A very important feature of the new place is a hot towel steam sterilizer—the only one of its kind here,—which
